

Ceramic Tile Professional Cleaning System

A ceramic tile floor is both an investment in time and money. Keep your tile floors looking as great as the day it was installed with Fike Bros Carpet One Floor & Home's Ceramic Tile Professional Cleaning System.

- Quick – We can deep clean approximately 400 square feet an hour. Allowing you minimal disruption time.
- Safe – All cleaning agents used are low VOCs, and safe for everyone, even pets.
- Effective – With its aggressive brushes and powerful motor, our deep cleaning system removes the majority of ground in dirt as well as residues from household cleaners.
- Versatile – Want to seal your grout? Our system makes easy work of this chore, allowing us to complete approximately 100 sf per hour.
- Budget Friendly – For just 40 cents a square foot we can deep clean your ceramic tile floor keeping your floor looking as beautiful as the day it was installed. This allows you to keep your staff on more important matters.
